Consortium Education  
Committee**

**Iris Contreras Hernnández  
Education Committee Chair**

**ISPOR Latin America  
Consortium Education Committee**

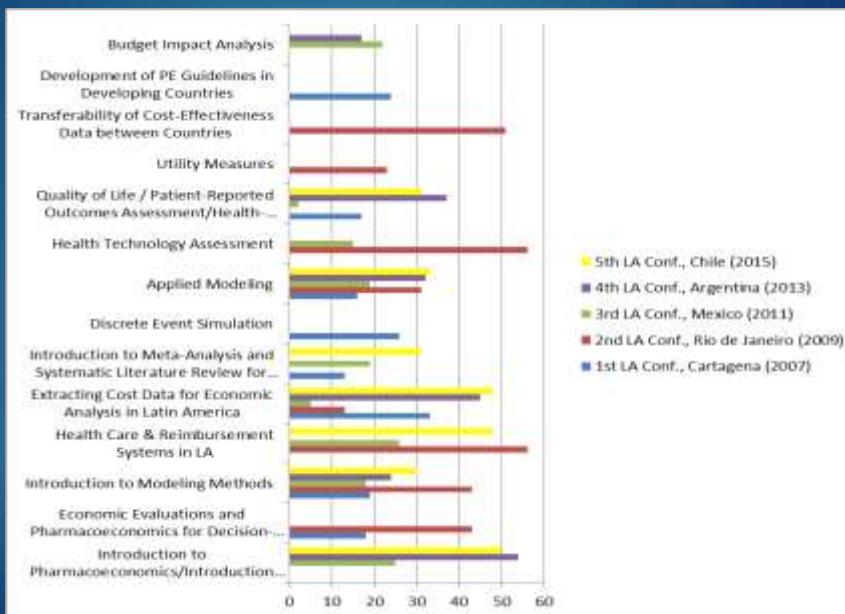

**DISCUSSION**

## Purpose

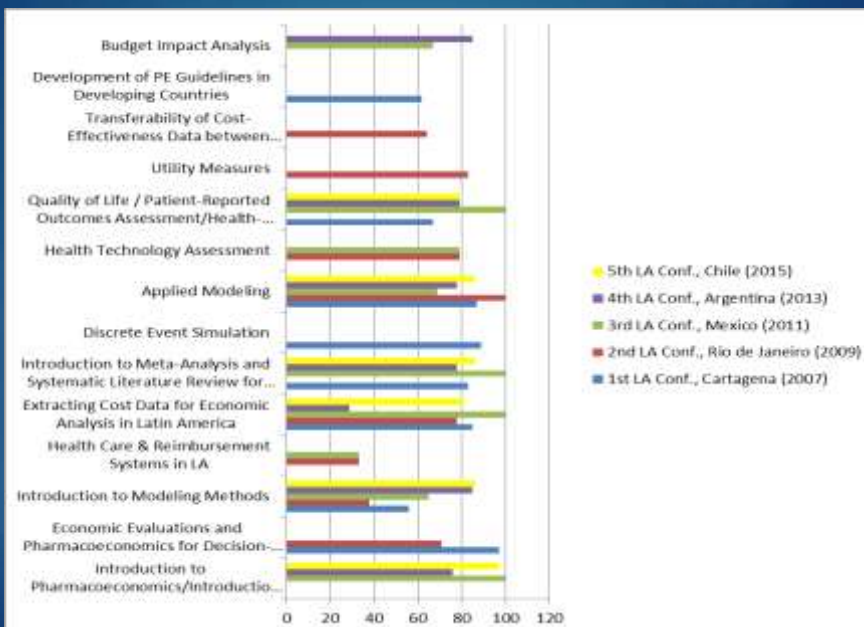

- ▶ The role of the ISPOR Latin America Consortium Education Committee is to promote **quality education development** on the science of health economics and outcomes research in Latin America by developing, providing, and promoting ISPOR educational and training programs and tools aligned with ISPOR's strategic objectives and goals.

## Short course

# Attendance

# Overall score

## Premises

- ▶ ISPOR members in the Latin America not are begginers
- ▶ They are people young, productive and with post-graduate
- ▶ Their need of continue education are high: new methods for analysis of outcome research and local systems of health

## Remains for education committee

- ▶ Identify advanced knowledge public and stimulate its growth with avant garde themes
- ▶ Invite decision-makers in different health systems to join an academic exercise
- ▶ Promote ISPOR Latin America Consortium as a window to the knowledge in evaluation of technologies
