Where are the important healthcare access-related decisions made?

The correct answer is:  
All of the above

 **NIH Collaboratory** *Rethinking Clinical Trials®*  
Health Care Systems Research Collaboratory

Is it appropriate (or convenient) to get all of them together?

 **NIH Collaboratory** *Rethinking Clinical Trials®*  
Health Care Systems Research Collaboratory

What barriers do we have to overcome to interact with all the stakeholders?

#1 is lack of confidence

 **NIH Collaboratory** *Rethinking Clinical Trials®*  
Health Care Systems Research Collaboratory

**Strengthening patients and patient organizations is essential.**
