ISPOR MEETINGS

ISPOR Meetings are a forum for discussion and dissemination of information surrounding the science of pharmacoconomics (health economics) and outcomes research. The goal of the meetings is to bring together experts in the field to share innovative research methods and health policy developments and to provide an opportunity to learn from each other to advance the science.

Highlight!

Over 80% of presentations from ISPOR Meetings are available on the ISPOR website!

Photos by John McGall

ISPOR meetings feature cutting edge and thought-provoking plenary sessions, as well as workshops, issue panels, forums, symposia, podium presentations, and poster presentations on innovative research methods, health policy development using outcomes research, patient preferences, real world data, and clinical, economic, and patient-reported outcomes.

ISPOR

Scientific Presentations Database

The ISPOR Scientific Presentations Database contains **nearly 34,500 research presentations** from ISPOR meetings and is searchable by disease, topic, and meeting.

The **Released Presentations** page on each meeting website (accessible via www.ispor.org) houses all plenary session, issue panel, workshop, forum, and symposia presentation for which ISPOR has permission from the speakers to post for public access.
